Lemon-Aid Used Cars and Trucks 2012–2013 Phil Edmonston 2012-05-19 Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. U.S. automakers are suddenly awash in profits, and South Koreans and Europeans have gained market shares, while Honda, Nissan, and Toyota have curtailed production following the 2011 tsunami in Japan. The all-new Lemon-Aid Used Cars and Trucks 2012-2013 has the answers, including: More vehicles rated, with some redesigned models that don't perform as well as previous iterations downrated. More roof crash-worthiness ratings along with an expanded cross-border shopping guide. A revised summary of safety- and performance-related defects that are likely to affect rated models. More helpful websites listed in the appendix as well as an updated list of the best and worst "beaters" on the market. More "secret" warranties taken from automaker internal service bulletins and memos than ever.

Triumph TR4 & TR4A Paul Hogan 2020-05-19 The TR4 represented a new breed of British sports car. Its modern lines, and accessories, such as wind-up windows and face-level ventilation, were a big departure from the earlier TR3 models. While TR4 mechanical parts may not have been new, the introduction of IRS (independent rear suspension) on the TR4A set a new benchmark for sports cars of that era.

Performance was solid, if not spectacular, with 109 mph attainable in overdrive top, and these TRs found a ready market in all parts of the world. Now nearly 60 years old, the TR4 and TR4A still attract a huge following worldwide. This book is designed to offer owners and potential owners of these cars an insight to the common problems that can arise and how to fix them, and often making an improvement at the same time. Arranged into easy to follow sections – engine, driveline, suspension, etc – you can see not only where the problems arise, but how to solve them. Information is also provided on owners' clubs and spares suppliers to help keep your car in good condition and on the road.
