Computer-Related Risks Peter G. Neumann 1994-10-18 "This sobering description

of many computer-related failures throughout our world deflates the hype and hubris of the industry. Peter Neumann analyzes the failure modes, recommends sequences for prevention and ends his unique book with some broadening reflections on the future." —Ralph Nader, Consumer Advocate This book is much more than a collection of computer mishaps; it is a serious, technically oriented book written by one of the world's leading experts on computer risks. The book summarizes many real events involving computer technologies and the people who depend on those technologies, with widely ranging causes and effects. It considers problems attributable to hardware, software, people, and natural causes. Examples include disasters (such as the Black Hawk helicopter and Iranian Airbus shootdowns, the Exxon Valdez, and various transportation accidents); malicious hacker attacks; outages of telephone systems and computer networks; financial losses; and many other strange happenstances (squirrels downing power grids, and April Fool's Day pranks). Computer-Related Risks addresses problems involving reliability, safety, security, privacy, and human well-being. It includes analyses of why these cases happened and discussions of what might be done to avoid recurrences of similar events. It is readable by technologists as well as by people merely interested in the uses and limits of technology. It is must reading for anyone with even a remote involvement with computers and

communications—which today means almost everyone. Computer-Related Risks: Presents comprehensive coverage of many different types of risks Provides an essential system-oriented perspective Shows how technology can affect your life—whether you like it or not!

The Thousand Crimes of Ming Tsu Tom Lin 2021-06-01 Winner of the Carnegie Medal for Excellence Finalist for the Young Lions Fiction Award A Chinese American assassin sets out to rescue his kidnapped wife and exact revenge on her abductors in this New York Times Book Review Editors' Choice: a twist on the classic western from "an astonishing new voice" (Jonathan Lethem). Orphaned young, Ming Tsu, the son of Chinese immigrants, is raised by the notorious leader

of a California crime syndicate, who trains him to be his deadly enforcer. But when Ming falls in love with Ada, the daughter of a powerful railroad magnate, and the two elope, he seizes the opportunity to escape to a different life. Soon after, in a violent raid, the tycoon's henchmen kidnap Ada and conscript Ming into service for the Central Pacific Railroad. Battered, heartbroken, and yet defiant, Ming partners with a blind clairvoyant known only as the prophet. Together the two set out to rescue his wife and to exact revenge on the men who destroyed Ming, aided by a troupe of magic-show performers, some with supernatural powers, whom they meet on the journey. Ming blazes his way across the West, settling old scores with a single-minded devotion that culminates in an explosive and unexpected finale. Written with the violent ardor of Cormac McCarthy and the otherworldly inventiveness of Ted Chiang, *The Thousand Crimes of Ming Tsu* is at once a thriller, a romance, and a story of one man's quest for redemption in the face of a distinctly American brutality. "In Tom Lin's novel, the atmosphere of Cormac McCarthy's West, or that of the Coen Brothers' *True Grit*, gives way to the phantasmagorical shades of Ray Bradbury, Charles Finney's *The Circus of Dr. Lao*, and Katherine Dunn's *Geek Love*. Yet *The Thousand Crimes of Ming Tsu* has a velocity and perspective all its own, and is a fierce new version of the Westward

Dream." —Jonathan Lethem, author of *Motherless Brooklyn*

M, King's Bodyguard Niall Leonard 2021 "Gathering intel, chasing leads, and cracking heads are all part of a day's work for Detective Chief Superintendent William Melville, bodyguard to Queen Victoria's son and heir to the throne, Prince Albert. But when the Queen dies, prompting most of Europe's royalty to converge on London for the funeral, Melville receives a tip about a planned attempt on the German Kaiser's life led by a mysterious anarchist known as Akushku. As Melville and his German counterpart, Gustav Steinhauer, race to uncover exactly what Akushku has planned, they find themselves drawn into a world of brutal violence, illicit romance, and bitter class warfare. And all the while, Akushku dances just out of reach, ensnaring rich and poor alike in his web. As the day of the funeral approaches, Melville realizes that far more than the Kaiser's life is at stake--if he can't reach Akushku in time, he risks the destruction of the very realm he's sworn to protect"--

Terrace VI Sarah L Johnson 2021-07-07 Welcome to the Sixth Terrace of Dante's tower of Purgatory, serving up sins of gluttony in an eternal banquet. On this carefully curated menu you'll find children stuffing themselves to death, a forgotten saviour gorging on cheeseburgers between bareknuckle rounds on the roadhouse

circuit, wealthy socialites revel in an orgiastic alien feast, and the end of days as seen through an apocalyptic carnival of indulgence. Excessive consumption also manifests in darker hungers, for cruelty, for distraction, or possession. A pair of grifters bent on having it all chase a Scottish leprechaun across the English countryside, a newly deceased addict vies for the attention of Heavenly Higher Ups, degenerate poker players gamble with unforeseen currency, and when an old lady swallows a fly, it's just the beginning... Featuring nine stories of grotesque appetite and glorious excess from a gory gaggle of creators, they say too much of anything is poison, yet these condemned swallow each piece of forbidden fruit while reaching for the next, never to be sated. They can't help themselves. Can you? and sixteen year-old Jane narrowly survives the slaughter of her family and the kidnapping of her baby sister. Driven by grief and fury, she rides headlong into Indian territory, seeking vengeance. But the odds are stacked against a young girl on the trail, and Jane soon realizes she must disguise herself as a boy to join forces with a tough company of cowhands on a cattle drive to Dodge City. The harrowing trek pits her against tough drovers, raging rivers, ruthless soldiers, and ends in a bloody reckoning that forces Jane to discover her surprising capacity for love, survival-and revenge."The Comanche Kid is playwright/actor James Robert Daniels' first novel, but you'd never know that by reading this magnificent, bigger-than-life tale. Making use of traditional Western elements-the vengeance quest, the coming-of-age story, the trail drive yarn, the epic clash of cavalry and Indians-Daniels' evocative prose lifts the odyssey of sixteen-year-old Jane into something special as she searches for her younger sister, who is kidnapped in the same Comanche raid that wipes out the rest of Jane's family. With echoes of True Grit, The Cowboy & The Cossack, and Lonesome Dove, this is a big, thrilling, tragic, and ultimately uplifting portrait of the American West." James Reasoner, author of more than 350 westerns, many under a variety of pseudonyms, including 41 Longarm novels and 20 books in the Trailsman series.

Messages, Signs, and Meanings Marcel Danesi 2004 Messages, Signs, and
Meanings can be used directly in introductory courses in semiotics,
communications, media, or culture studies. Additionally, it can be used as a
complementary or supplementary text in courses dealing with cognate areas of
investigation (psychology, mythology, education, literary studies, anthropology,

linguistics). The text builds upon what readers already know intuitively about signs, and then leads them to think critically about the world in which they live - a world saturated with images of all kinds that a basic knowledge of semiotics can help filter and deconstruct. The text also provides opportunities for readers to do "hands-on" semiotics through the exercises and questions for discussion that accompany each chapter. Biographical sketches of the major figures in the field are also included, as is a convenient glossary of technical terms. The overall plan of the book is to illustrate how message-making and meaning-making can be studied from the specific vantage point of the discipline of semiotics. This third edition also includes updated discussions of information technology throughout, focusing especially on how meanings are now negotiated through such channels as websites, chat rooms, and instant messages.

Last Stand Michael Punke 2020-06-09 The dramatic history of the extermination and resurrection of the American buffalo, by #1 bestselling author of *The Revenant* Michael Punke's *The Last Stand* tells the epic story of the American West through the lens of the American bison and the man who saved these icons of the Western landscape. Over the last three decades of the nineteenth century, an American buffalo herd once numbering 30 million animals was reduced to twelve. It was the era of Manifest Destiny, a Gilded Age that treated the West as nothing more than a

treasure chest of resources to be dug up or shot down. The buffalo in this world was a commodity, hounded by legions of swashbucklers and unemployed veterans seeking to make their fortunes. Supporting these hide hunters, even buying their ammunition, was the U.S. Army, which considered the eradication of the buffalo essential to victory in its ongoing war on Native Americans. Into that maelstrom rode young George Bird Grinnell. A scientist and a journalist, a hunter and a conservationist, Grinnell would lead the battle to save the buffalo from extinction. Fighting in the pages of magazines, in Washington's halls of power, and in the frozen valleys of Yellowstone, Grinnell and his allies sought to preserve an icon from the grinding appetite of Robber Baron America. Grinnell shared his adventures with some of the greatest and most infamous characters of the American West—from John James Audubon and Buffalo Bill to George Armstrong Custer and Theodore Roosevelt (Grinnell's friend and ally). A strikingly contemporary story, the saga of Grinnell and the buffalo was the first national battle over the environment. Last Stand is the story of the death of the old West and the birth of the new as well as an examination of how the West was really won—through the birth of the conservation movement. It is also the definitive history of the American buffalo, written by a master storyteller of the West.

Chains of Time R. B. Woodstone 2020-07-05 Across race and time, a magical battle for freedom... 1859 Mkembro, West Africa "I know what's going to happen," says Amara as she wakes on the morning of her wedding to discover that she has been blessed -- or cursed -- with the power of prophecy. In her visions, she sees the slaver Van Owen, who will soon arrive on Africa's shores. Her father will challenge the invaders, wielding magic against rifles and whips, and setting in motion Amara's bid for freedom -- a quest that will extend for five generations. But no wait is too long, for Amara can see far into the future. Chains of Time tells two interweaving stories -- Amara's nineteenth century slave chronicle and the tale of her modern-day descendants, all of them fighting to find their voices, their redemption, and their freedom. Praise for CHAINS OF TIME... "A perceptive and gripping tale of race and family." -- Kirkus Reviews "????? The beauty of Woodstone's prose evokes the intensity and allegorical journey that is usually reserved for literary fiction. The writing is simultaneously gorgeous, terrifying, and hopeful." -- Readers' Favorite "R.B. Woodstone has crafted a thoughtful, time-spanning novel that touches on family, oppression, and otherness in Chains of Time... the dramatic blend of history, tragedy, and magic pulls a reader in from the

very start." -- Self-Publishing Review "An exceptional story that will place you in the heart and mind of each of the amazing characters. Prepare to be moved by a unique story that delves deep into the historical abuse of a people but has dynamic pockets of excitement, heartbreak, and the paranormal. Highly recommended." -- Lesley Jones, international best-selling author "With captivating characters on a fulfilling magical journey, Chains of Time is a strong novel that does not disappoint." -- IndependentBookReview.com "Though the work is rooted in fantasy and magical realism, there's a highly realistic quality to the historical content and the experience of Africans in the tragedy of the slave trade. Young adult and adult readers alike can appreciate the sophistication of ideas, which are layered into a powerful storyline that blends present and past exceedingly well." -- K.C. Finn, USA Today best-selling author and Chanticleer Book Award winner

Ridgeline Michael Punke 2021-06-01 The thrilling, long-awaited return of the #1 New York Times bestselling author of The Revenant Winner of the 2022 Spur Award for Best Western Historical Novel Winner of the 2021 David. J. Langum, Sr. Prize in American Historical Fiction 2021 Montana Book Award Honoree In 1866, with the country barely recovered from the Civil War, new war breaks out on the western frontier—a clash of cultures between the Native tribes who have lived on

the land for centuries and a young, ambitious nation. Colonel Henry Carrington arrives in Wyoming's Powder River Valley to lead the US Army in defending the opening of a new road for gold miners and settlers. Carrington intends to build a fort in the middle of critical hunting grounds, the home of the Lakota. Red Cloud, one of the Lakota's most respected chiefs, and Crazy Horse, a young but visionary warrior, understand full well the implications of this invasion. For the Lakota, the stakes are their home, their culture, their lives. As fall bleeds into winter, Crazy Horse leads a small war party that confronts Colonel Carrington's soldiers with near constant attacks. Red Cloud, meanwhile, wants to build the tribal alliances that he knows will be necessary to defeat the soldiers. Colonel Carrington seeks to hold together a US Army beset with internal discord. Carrington's officers are skeptical of their commander's strategy, none more so than Lieutenant George Washington Grummond, who longs to fight a foe he dismisses as inferior in all ways. The rank-and-file soldiers, meanwhile, are still divided by the residue of civil war, and tempted to desertion by the nearby goldfields. Throughout this taut saga—based on real people and events—Michael Punke brings the same immersive, vivid storytelling and historical insight that made his breakthrough debut so memorable. As *Ridgeline* builds to its epic conclusion, it grapples with

essential questions of conquest and justice that still echo today.

The Arthur of the North Marianne E. Kalinke 2015-11-20 The Arthur of the North is the first book-length study of the Arthurian literature that was translated from French and Latin into Old Norse-Icelandic in the thirteenth century, which has been preserved mostly in Icelandic manuscripts, and which in early modern times inspired the composition of narrative poems and chapbooks in Denmark, Iceland and Norway, chiefly of the Tristan legend. The importation of Arthurian literature in the North, primarily French romances and lais, is indebted largely to the efforts of King Hákon Hákonarson (r. 1217–63) of Norway, who commissioned the translation of Thomas de Bretagne's Tristan in 1226, and subsequently several Arthurian romances by Chrétien de Troyes and a number of Breton lais. The translations are unique in that the French metrical narratives were rendered in prose, the traditional form of narrative in the North. The book concludes with a chapter on Arthurian literature in the Rus' area, precisely East Slavic, with a focus on the Belarusian Trys'an.

Marginalised Communities in Higher Education Neil Harrison 2021 "Drawing on examples from nine countries across five continents, this book offers anyone interested in the future of higher education the opportunity to understand how communities become marginalised and how this impacts on their access to learning and their ability to thrive as students. Focusing on groups that suffer directly through discriminatory practices or indirectly through distinct forms of sociocultural disadvantage, this book brings to light communities about which little has been written and where research efforts are in their relative infancy. Each chapter documents the experiences of a group and provides insights that have a wider reach and gives voice to those that are often unheard. The book concludes with a new conceptualisation of the social forces that lead to marginalisation in higher education. This cutting-edge book is a must read for higher education researchers, policy makers, and students interested in access to education, sociology of education, development studies, and cultural studies"--

Dust Off the Bones Paul Howarth 2021-06-08 “Arresting, powerful, and very much worth reading.”—Scott Simon (NPR) "A tale of violence and redemption in the Australian Outback....Fast-paced and brimming with colorful, realistic detail, the novel poses disturbing questions about the Australia's historic cruelty to its native

inhabitants....A complex, sophisticated morality play." (Starred Kirkus Review) The author of the acclaimed *Only Killers and Thieves* returns to turn-of-the-century Australia in this powerful sequel that follows the story of brothers Tommy and Billy McBride, the widow of their family's killer, Katherine Sullivan, and the sadistic Native Police officer Edmund Noone. In 1890, estranged brothers Tommy and Billy McBride are living far apart in Queensland, each dealing with the trauma that destroyed their family in different ways. Now 21, Billy bottles his guilt and justifies his past crimes while attempting to revive his father's former cattle run and navigate his feelings for the young widow Katherine Sullivan. Katherine, meanwhile, cherishes her newfound independence but is struggling to establish herself as head of the vast Broken Ridge cattle empire her corrupt late husband mercilessly built. But even in the outback, the past cannot stay buried forever. When a judicial inquest is ordered into the McBride family murders and the subsequent reprisal slaughter of the Kurrong people, both Billy and Police Inspector Edmund Noone – the man who led the massacre – are called to testify. The inquest forces Billy to relive events he has long refused to face. He desperately needs to find his brother, Tommy, who for years has been surviving in the wilderness, attempting to move on with his life. But Billy is not the only one looking for Tommy. Now the ruthless Noone is determined to find the young man

as well, and silence both brothers for good. An enthralling, propulsive adventure that builds in suspense, told in gorgeous prose and steeped in history and atmosphere, *Dust Off the Bones* raises timeless issues of injustice, honor, morality, systemic racism, and the abuse of power. With an unflinching eye, Paul Howarth examines the legacy of violence and the brutal realities of life in a world remarkably familiar to our own.
