Common sense explanations--Explore how executive function works in clear, simple language, and then apply what you learned through fun activities like using code words and making memory boards. Build better habits and routines in smart but scattered kids with this comprehensive parent's guide to executive function.

The Map Challenge Tracy Packiam Alloway 2019-07-16 When Sammy's group loses their map on a camping trip, can he use his SEN Superpowers to save the day and lead them safely back to the campsite? SEN Superpowers: The Map Challenge explores the topic of dyslexia with an empowering story and adorable illustrations. The SEN Superpowers series celebrates the positive traits associated with a range of common SEN (Special Education Needs) conditions, boosting the confidence and strength-awareness of children with those conditions, while also allowing for better understanding and positivity among their peers. Each book includes a page of discussion points about the story, a page of tips for how to boost abilities (inclusive for children with and without special educational needs), and, finally, a further page of notes for parents and teachers. The books feature a dyslexic-friendly font to encourage accessibility and inclusivity for all readers.

Little Black Lies Sandra Block 2015-02-17 She helps people conquer their demons. But she has a few of her own... In the halls of the psychiatric ward, Dr. Zoe Goldman is a resident in training, dedicated to helping troubled patients. However, she has plenty of baggage of her own. When Zoe becomes obsessed with questions about her own mother's death, the truth remains tauntingly out of reach, locked away within her nightmares of an uncontrollable fire. And as her adoptive mother loses her memory to dementia, the time to find the answers is running out. As Zoe digs deeper, she realizes that the danger is not just in her dreams but is now close at hand. And she has no choice but to face what terrifies her the most. Because what she can't remember just might kill her. Little Black Lies is about madness and memory - and the dangerous, little lies we tell ourselves just to survive.

Educating Exceptional Children Samuel Kirk 2014-02-07 Authored by luminaries in the special education field, EDUCATING EXCEPTIONAL CHILDREN introduces readers to each of the thirteen disability categories, and to the needs of children who are gifted and talented. The fourteenth edition continues to focus on the strengths of previous editions, while also providing new material about such important hot topics as genetics, neurology, inclusion, assistive technology, and information processing. The book provides key, research-based teaching methods and strategies for children with various exceptionalities, and also offers analysis of ecological factors that influence the exceptional child in and out of the classroom. This edition also features a new chapter on children with ADD/ADHD, new diagnosis information from the DSM-5, coverage of CEC and Common Core State Standards, the most current teaching techniques for each category, and current coverage of the Response to Intervention Model. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Playground Problem TRACY PACKIAM. ALLOWAY 2019-10-15 When Ruby notices that Joey is being bullied, can she use her SEN Superpowers to help him? SEN Superpowers: The Playground Problem explores the topic of anxiety with an empowering story and adorable illustrations. The SEN Superpowers series celebrates the positive traits associated with a range of common SEN (Special Education Needs) conditions, boosting the confidence and strength-awareness of children with those conditions, while also allowing for better understanding and positivity among their peers. Each book includes a page of discussion points about the story, a page of tips for how to boost abilities (inclusive for children with and without special educational needs), and, finally, a further page of notes for parents and teachers. The books feature a dyslexic-friendly font to encourage accessibility and inclusivity for all readers.

Mademoiselle Revolution Zoe Sivak 2022 A powerful, engrossing story of a biracial heiress who escapes to Paris when the Haitian Revolution burns across her island home. But as she works her way into the inner circle of Robespierre and his mistress, she learns that not even oceans can stop the flames of revolution. Sylvie de Rosiers, as the daughter of a rich planter and an enslaved woman, enjoys the comforts of a lady in 1791 Saint-Domingue society. But while she was born to privilege, she was never fully accepted by island elites. After a violent rebellion begins the Haitian Revolution, Sylvie and her brother leave their family and old lives behind to flee unwittingly into another uprising--in austere and radical Paris. Sylvie quickly becomes enamored with the aims of the Revolution, as well as with the revolutionaries themselves--most notably Maximilien Robespierre and his mistress, Cornélie Duplay. As a rising leader and abolitionist, Robespierre sees an opportunity to exploit Sylvie's race and abandonment of her aristocratic roots as an example of his ideals, while the strong-willed Cornélie offers Sylvie safe harbor and guidance in free thought. Sylvie battles with her past complicity in a slave society and her future within this new world order as she finds herself increasingly torn between Robespierre's ideology and Cornélie's love. When the Reign of Terror descends, Sylvie must decide whether to become an accomplice while a new empire rises on the bones of innocents...or risk losing her head.

ADHD According to Zoe Zoë Kessler 2014-05-14 In this unique and engaging memoir, journalist and popular blogger Zoe Kessler shares her own story of being diagnosed with ADHD in her late 40s. Throughout the book she offers readers key coping skills based on her experience; skills that can help readers focus their energy, become more organized, and boost their self-esteem while tapping into creativity and humor.

ADHD in Adults Russell A. Barkley 2010-11-01 Providing a new perspective on ADHD in adults, this compelling book analyzes findings from two major studies directed by leading authority Russell A. Barkley. Groundbreaking information is presented on the significant impairments produced by the disorder across major functional domains and life activities, including educational outcomes, work, relationships, health behaviors, and mental health. Thoughtfully considering the treatment implications of these findings, the book also demonstrates that existing diagnostic criteria do not accurately reflect the way ADHD is experienced by adults, and points the way toward developing better criteria that center on executive function deficits. Accessible tables, figures, and sidebars encapsulate the study results and methods.

The Couple's Guide to Thriving with ADHD Melissa Orlov 2014-04-01 "More and more often, adults are realizing that the reason they are struggling so much in their relationship is that they are impacted by previously undiagnosed adult ADHD. The Couple's Guide to Thriving with ADHD gives concrete answers and strategies to those suffering from adult ADHD that couples can immediately use to improve their relationships. This book addresses questions from both ADHD and non-ADHD partners and provides straightforward advice arranged in a way that makes it easy to find the specific answers couples seek. It covers topics that include diagnosing adult ADHD, how to begin bringing about changes, communication techniques, dealing with anger and frustration, and rebuilding intimacy in a relationship. Part reference manual and part cheerleader, this is the go-to book for couples struggling with ADHD who want to actively work to improve their relationships"--

The Colorful Adventures of Cody & Jay Crystal Swain-Bates 2013-09 Tired of the lack of diversity in children's coloring books? Meet Cody & Jay, two adventurous boys who just love to have fun! Follow them throughout over 40 fun-filled coloring and activity pages that inspire creativity, promote self-confidence, and celebrate diversity. Activity pages include fill-in-the-blank exercises (for example, "You can do amazing things if you try"), thought-provoking questions ("If you could fly anywhere in the world, where would you go?"), and fun pictures to complete ("Add a design to Jay's race car!"). A wonderful gift for kids of all races, this book is engaging and is loads of fun! Like this? Check out the version for girls: "The Colorful Adventures of Zoe & Star!"

The Boy from Hell Alison M. Thompson 2016-02-21 For Alison, life with her son Daniel sometimes seemed like an endless round of difficulties: disobedience, backchat, rudeness, name-calling and aggression. Upon starting school, where his aggression and lack of concentration concerned teachers, Daniel was given a vague diagnosis of borderline Attention Deficit Hyperactivity Disorder (ADHD), which was later changed to ADHD with secondary Oppositional Defiant Disorder and autistic traits. In this honest account of the first 18 years of Daniel's life, Alison exposes her own worries, doubts, and exceptional courage at every pivotal turn in Daniel's life. Interspersing the narrative with tips and advice on what she has found useful - or not - in bringing up Daniel, Alison also provides encouraging guidance for teachers and fellow parents. This book also raises serious questions about how the education system supports children with special needs, and if medication can be the answer to managing ADHD in children.

Burn After Writing (Purple With Cats) Sharon Jones 2022-08-30 The national bestseller. Write. Burn. Repeat. Now with new covers to match whatever mood you're in. "This book has made me laugh and cry, filled me with joy, and inspired me." -TikTok user camrynbanks Instagram, WhatsApp, Snapchat, TikTok, VSCO, YouTube...the world has not only become one giant feed, but also one giant confessional. Burn After Writing allows you to spend less time scrolling and more time self-reflecting. Through incisive questions and thought experiments, this journal helps you learn new things while letting others go. Imagine instead of publicly declaring your feelings for others, you privately declared your feelings for yourself? Help your heart by turning off the comments and muting the accounts that drive you into jealousy for a few moments a night. Whether you are going through the ups and downs of growing up, or know a few young people who are, you will flourish by finding free expression--even if through a few tears! Push your limits, reflect on your past, present, and future, and create a secret book that's about you, and just for you. This is not a diary, and there is no posting required. And when you're finished, toss it, hide it, or Burn After Writing.

Women with Attention Deficit Disorder Sari Solden 2012-07-15 Women with Attention Deficit Disorder, psychotherapist Sari Solden's, groundbreaking book, explains how every year, millions of withdrawn little girls and chronically overwhelmed women go undiagnosed with Attention Deficit Disorder because they don't fit the stereotypical profile: they're not fast-talking, hyperactive, or inattentive, and they are not male. This pioneering book explores treatment and counseling options, and uses real-life case histories to examine the special challenges women with AD/HD face, such as the shame of not fulfilling societal expectations. Solden explains that AD/HD affects just as many women as men, and often results in depression, disorganization, anxiety, and underachievement. Included in this revised edition is a brand new chapter on friendship challenges for women with AD/HD. Three empowering steps -- restructuring one's life, renegotiating relationships, and redefining self-image -- help women take control of their lives and enjoy success on their own terms. "Sari Solden has used her personal and professional experience to shine some light into the dark closet inhabited by far too many ADD women... She empowers ADD women by validating their experience as worthwhile human beings who struggle with serious organizational problems in many areas of their lives." (Kate Kelly and Peggy Ramundo, authors of You Mean I'm Not Lazy, Stupid, or Crazy")

Capitalist Realism Mark Fisher 2009-11-27 After 1989, capitalism has successfully presented itself as the only realistic political-economic system - a situation that the bank crisis of 2008, far from ending, actually compounded. The book analyses the development and principal features of this capitalist realism as a lived ideological framework. Using examples from politics, films, fiction, work and education, it argues that capitalist realism colours all areas of contemporary experience. But it will also show that, because of a number of inconsistencies and glitches internal to the capitalist reality program capitalism in fact is anything but realistic.

The Queen of Distraction Terry Matlen 2014-10-01 Do you rule the realm of disorganization, clutter, and chaos? Are you constantly battling to get things done? Are you ready to give up and toss your day planner into the dungeon (otherwise known as your closet)? If so, you might just be The Queen of Distraction. And whether or not you've been formally diagnosed with attention deficit/hyperactivity disorder (ADHD), you probably already know that something's got to give. The Queen of Distraction presents practical skills to help women with ADHD achieve focus and balance in all areas of life, whether it's at home, at work, or in relationships. Psychotherapist Terry Matlen delves into the feminine side of ADHD—the elements of this condition that are particular to women, such as: relationships, skin sensitivities, meal-planning, parenting, and dealing with out-of-control hormones. In addition, the book offers helpful tips and strategies to get your symptoms under control, and outlines a number of effective treatment options for you to pursue. From getting dressed in the morning, to making it to a job interview, to planning dinner—sometimes just getting through the day can be an ordeal for a woman with ADHD. If you've been accused of getting lost in your own world, maybe it's time to make a change. If you're ready to start getting organized and stop leaving your groceries in the car, this book can help. It's more than just a survival guide; it's an ADHD how-to to help you thrive!

Hyper Timothy Denevi 2014-09-02 The first book of its kind about what it's like to be a child with ADHD, Hyper is a "haunting narrative that explores the world's most scrutinized childhood condition from the inside out" (Nature) that also illuminates the history of how we came to medicate more than four million children today. Among the first generation of boys prescribed medication for ADHD in the 1980s, Timothy Denevi took Ritalin at the age of six and suffered a psychotic reaction. Thus began his long odyssey through a variety of treatments. In Hyper, Denevi describes how he made his way to adulthood, knowing he was a problem for those who loved him, longing to be able to be good and fit in, and finally realizing he had to come to grips with his disorder before his life spun out of control. Using these experiences as a springboard, Denevi also traces our understanding and treatment of ADHD from the nineteenth century, when bad parenting and even government conspiracies were blamed, through the twentieth century and drug treatments like Benzedrine, Ritalin, and antidepressants. His insightful history shows how drugs became the treatment of choice for ADHD, rather than individually

crafted treatments like the one that saved his life. Thought provoking and deeply intelligent, this is a remarkable book both for its sensitive portrait of a child's experience as well as for its thorough exploration of a remarkably complex and controversial mental condition and its treatment. "There's much to be learned in Hyper, about pushing boundaries and respecting them, about parenting, and about the special kind of triumph that can come as a result of hard-earned self-knowledge. Denevi has written a book about a condition that has been studied for a long time, but, truly, it hasn't been talked about like this" (BookPage).

How to Talk So Kids Will Listen & Listen So Kids Will Talk Adele Faber 1999-10 The twentieth anniversary edition of the best-selling parenting guide includes updated information as well as the practical, sensible advice that made the book a classic to begin with. Original. 44,000 first printing.

The Hair of Zoe Fleefenbacher Goes to School Laurie Halse Anderson 2019-06-11 Acclaimed author Laurie Halse Anderson and vibrant illustrator Ard Hoyt style a hair-raising story that is sure to be a 'do! Zoe Fleefenbacher has one blue eye and one green eye and bright red hair that goes on...forever. Her hair has always been unruly, but now she is in first grade and according to her teacher, Ms. Trisk, "first grade has rules." It takes countless barrettes and scrunchies to finally hold Zoe's hair. But when it can help with an uncooperative science lesson, will Ms. Trisk let Zoe's hair free?

ADHD Secrets of Success Thom Hartmann 2002 "ADHD Secrets of Success, an update of Thom Hartmann's critically-acclaimed Focus Your Energy, will help ADHDers understand and overcome the symptoms of their condition that may hold them back, and take advantage of the traits marking them for success"--Page 4 of cover.

Fast Minds Craig Surman 2014-06-03 Presents a new program to help understand attention-deficit hyperactivity disorder and how to make its traits and symptoms work positively to manage time, harness mental energy, and create supportive environments.

A Radical Guide for Women with ADHD Sari Solden 2019-07-01 Live boldly as a woman with ADHD! This radical guide will show you how to cultivate your individual strengths, honor your neurodiversity, and learn to communicate with confidence and clarity. If you are a woman with attention deficit/hyperactivity disorder (ADHD), you've probably known—all your life—that you're different. As girls, we learn which behaviors, thinking, learning, and working styles are preferred, which are accepted and tolerated, and which are frowned upon. These preferences are communicated in innumerable ways—from media and books to our first-grade classroom to conversations with our classmates and parents. Over the course of a lifetime, women with ADHD learn through various channels that the way they think, work, speak, relate, and act does not match up with the preferred way of being in the world. In short, they learn that difference is bad. And, since these women know that they are different, they learn that they are bad. It's time for a change. A Radical Guide for Women with ADHD is the first guided workbook for women with ADHD designed to break the cycle of negative self-talk and shame-based narratives that stem from the common and limiting belief that brain differences are character flaws. In this unique guide, you'll find a groundbreaking approach that blends traditional ADHD treatment with contemporary treatment methods, such as acceptance and commitment therapy (ACT), to help you untangle yourself from the beliefs that have kept you from reaching your potential in life. If you're ready to develop a strong, bold, and confident sense of self, embrace your unique brain-based differences, and cultivate your individual strengths, this step-by-step workbook will help guide the way.

Hi, It's Me! I Have ADHD Katelyn Mabry 2022-05-15 From thinking fast, to thinking slow, from feeling high, to feeling low; this busy child wishes adults could see inside her head. Based on the author's personal experience with Attention Deficit Hyperactive Disorder, Hi, It's Me shares the thoughts, feelings, emotions, and experiences of a child dealing with the many challenges of ADHD. Offering insight into the world of ADHD and presenting a list of tips and a printable coloring/journal pages; this rhyming picture book helps children struggling with ADHD feel empowered. It lets kids know that the diagnosis does NOT define them and that there are so many gifts beneath the diagnosis. It communicates that they can find peace knowing they're not alone in how they think and feel.

Why Does He Do That? Lundy Bancroft 2003 A leading authority on abusive relationships offers women detailed guidelines on how to improve and survive an abusive relationship, discussing various types of abusive men, analyzing societal myths surrounding abuse, and answers questions about the warning signs of abuse, how to identify abusive behavior, how to know if one is in danger, and more. Reprint.

ADHD According to Zoë Zoë Kessler 2013-09-01 Like many women with attention deficit/hyperactivity disorder (ADHD), journalist and popular blogger Zoë Kessler was diagnosed late in life—well into adulthood, in fact. But instead of seeing this label as a burden to bear, Kessler decided to use it to gain a better understanding of herself, and to connect with others through her writing. In this unique and engaging memoir, Kessler shares her own stories of living with ADHD in a way that is relatable, but never predictable. Inside, she describes how her impulsive behavior has affected her love life; how being disorganized once stood in the way of landing a job; and how inattentiveness has caused certain challenges in her relationships. Kessler also offers key coping skills based on her experience; skills that you can use to focus your energy, become more organized, and boost your self-esteem while tapping into creativity and humor. Kessler's story illustrates how being diagnosed with ADHD late into adulthood can be bewildering, but it also shows what a great opportunity it can be to take stock of your life and make real, lasting changes. Whether you share her diagnosis of ADHD, or just like a good story, ADHD According to Zoë will inspire you and encourage you to embrace your quirks. For more information about Kessler and her work, please visit www.zoekessler.com

Focused Alyson Gerber 2019-03-26 Following Braced, which had three starred reviews, comes a story of a girl caught between her love of chess and her ADHD. Clea can't control her thoughts. She knows she has to do her homework . . . but she gets distracted. She knows she can't just say whatever thought comes into her head . . . but sometimes she can't help herself. She know she needs to focus . . . but how can she do that when the people around her are always chewing gum loudly or making other annoying noises?It's starting to be a problem-not just in school, but when Clea's playing chess or just hanging out with her best friend. Other kids are starting to notice. When Clea fails one too many tests, her parents take her to be tested, and she finds out that she has ADHD, which means her attention is all over the place instead of where it needs to be.Clea knows life can't continue the way it's been going. She's just not sure how you can fix a problem that's all in your head. But that's what she's going to have to do, to find a way to focus. In a starred review, called Alyson Gerber's first novel, , "a masterfully constructed and highly empathetic debut about a different kind of acceptance." With , she explores even further how, when life gives you a challenge, the best way to face it is with an open mind, an open heart, and the open support of the people around you.

The Edge of Everything Jeff Giles 2017-01-31 "A sharp fantasy thriller." --People "Swoonworthy." --Time "Sharp, dark, thoughtful and romantic." --Cassandra Clare, #1 New York Times bestselling author When their worlds collide, X and Zoe are pushed to the edge of everything in this much-buzzed-about tour de force YA fantasy from Entertainment Weekly veteran Jeff Giles. For the perfect love, what would you be willing to lose? It's been a shattering year for seventeen-year-old Zoe, who's still reeling from her father's shocking death in a caving accident and her neighbors' mysterious disappearance from their own home. Then on a terrifying subzero, blizzardy night in Montana, she and her brother are brutally attacked in the woods--only to be rescued by a mysterious bounty hunter they call X. X is no ordinary bounty hunter. He is from a hell called the Lowlands, sent to claim the soul of Zoe's evil attacker and others like him. X is forbidden from revealing himself to anyone other than his prey, but he casts aside the Lowlands' rules for Zoe. As they learn more about their colliding worlds, they begin to question the past, their fate, and their future. But escaping the Lowlands and the ties that bind X might mean the ultimate sacrifice for them both. Gripping and full of heart, this epic start to a new series will bring readers right to the edge of everything.

Ask a Manager Alison Green 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

The Abilities in Me Gemma Keir 2019-05-12 This picture book is dedicated to children diagnosed with Autism, also known as ASD - Autistic Spectrum Disorder. Explore the day in the life of a young girl and boy with autism through bright, colourful illustrations and text. Perfect for teachers, parents and children alike, this book will bring awareness of the condition and teach children how to be supportive and be kind. This is the third book released from The abilities in me book series. Our collection of books show how each child can celebrate their abilities within their disability, find acceptance and create awareness to those around them. The Disorganized Mind Nancy A. Ratey 2008-04-01 For the millions of adults diagnosed with ADHD The Disorganized Mind will provide expert guidance on what they can do to make the most of their lives. The inattention, time-mismanagement, procrastination, impulsivity, distractibility, and difficulty with transitions that often go hand-in-hand with ADHD can be overcome with the unique approach that Nancy Ratey brings to turning these behaviors around. The Disorganized Mind addresses the common issues confronted by the ADHD adult: "Where did the time go?" "I'll do it later, I always work better under pressure anyway." "I'll just check my e-mail one more time before the meeting..." "I'll pay the bills tomorrow – that will give me time to find them." Professional ADHD coach and expert Nancy Ratey helps readers better understand why their ADHD is getting in their way and what they can do about it. Nancy Ratey understands the challenges faced by adults with ADHD from both a personal and professional perspective and is able to help anyone move forward to achieve greater success. Many individuals with ADHD live in turmoil. It doesn't have to be that way. You can make choices and imagine how things can change – this book will teach you how. By using ADHD strategies that have worked for others and will work for you, as well as learning how to organize, plan, and prioritize, you'll clear the hurdles of daily living with a confidence and success you may never before have dreamed possible. Nancy Ratey has the proven strategies that will help anyone with ADHD get focused, stay on track, and get things done - and finally get what they want from their work and their life.

You Mean I'm Not Lazy, Stupid or Crazy?! Kate Kelly 2006-04-25 An updated edition of the classic self-help book for people with Attention Deficit Disorder! With over a quarter million copies in print, You Mean I'm Not Lazy, Stupid or Crazy?! is one of the bestselling books on attention deficit disorder (ADD) ever written. There is a great deal of literature about children with ADD. But what do you do if you have ADD and aren't a child anymore? This indispensable reference—the first of its kind written for adults with ADD by adults with ADD—focuses on the experiences of adults, offering updated information, practical how-tos and moral support to help readers deal with ADD. It also explains the diagnostic process that distinguishes ADD symptoms from normal lapses in memory, lack of concentration or impulsive behavior. Here's what's new: -The new medications and their effectiveness -The effects of ADD on human sexuality -The differences between male and female ADD—including falling estrogen levels and its impact on cognitive function -The power of meditation -How to move forward with coaching And the book still includes advice about: -Achieving balance by analyzing one's strengths and weaknesses -Getting along in groups, at work and in intimate and family relationships—including how to decrease discord and chaos -Learning the mechanics and methods for getting organized and improving memory -Seeking professional help, including therapy and medication

Making Peace with Autism Zoe Martin 2020-08-31 You are invited into a Mother's heart as she tells you the story of the complete falling apart and re-building of her family, as one by one, they discover they are autistic. But this book isn't all about Autism, it is a memoir that's been written to show you what is possible when a mother no longer sees Autism as a medical disorder. As you read these pages, however and whenever you can fit it in, you'll see how Zoe led her family through the chaos, confusion and disconnection that plays out pre and post diagnosis, to what she would now call - their never ending journey of making peace with what is, as they uncover their unique truth and freedom. Raw, real, open and honest, her truth bombs will fill your heart with hope and comfort but above all, give you permission to forgive yourself for desperately trying 'to fix things'. Making Peace with Autism is a love story of radical acceptance and how we all, as we are now, have a right to exist. It will open you up even more to releasing the shame, guilt and grief of feeling like you are a bad parent. It offers a gentle path forward to what really matters - connection. It is your turn to lead your neurodivergent child from your courageous heart, in a way that needs only to make sense to you.

Crash Override Zoe Quinn 2017-09-05 You've heard the stories about the dark side of the internet--hackers, #gamergate, anonymous mobs attacking an unlucky victim, and revenge porn--but they remain just that: stories. Surely these things would never happen to you. Zoe Quinn used to feel the same way. She is a video game developer whose ex-boyfriend published a crazed blog post cobbled together from private information, half-truths, and outright fictions, along with a rallying cry to the online hordes to go after her. They answered in the form of a so-called movement known as #gamergate--they hacked her accounts; stole nude photos of her; harassed her family, friends, and colleagues; and threatened to rape and murder her. But instead of shrinking into silence as the online mobs wanted her to, she raised her voice and spoke out against this vicious online culture and for making the internet a safer place for everyone. In the years since #gamergate, Quinn has helped thousands of people with her advocacy and online-abuse crisis resource Crash Override Network. From locking down victims' personal accounts to working with tech companies and lawmakers to inform policy, she has firsthand knowledge about every angle of online abuse, what powerful institutions are (and aren't) doing about it, and how we can protect our digital spaces and selves. Crash Override offers an up-close look inside the controversy, threats, and social and cultural battles that started in the far corners of the internet and have since permeated our online lives. Through her story--as target and as activist--Quinn provides a human look at the ways the internet impacts our lives and culture, along with practical advice for keeping yourself and others safe online.

Supernatural Hero Eran Gadot 2019-06-11 Supernatural Hero deals with sensitive topics such as death and bullying with a combination of humor, wit, and empathy. Sixth-grader Andy is your average nerd. He is shy, exceptionally good at math, and in love with Zoe, the popular girl at school. He feels lonely both at school and at home, desperately wanting to change his circumstances. After Andy's grandpa passes away, Andy soon discovers he can still see and communicate with Grandpa's ghost. With Grandpa's encouraging spirit by his side, Andy strives to gain the courage to ask Zoe out on a date. But when an evil spirit jeopardizes her safety, Andy must use his newfound gift, as well as abilities he already possesses, to become the hero and save the day. Young readers everywhere will relate to Andy's struggles and can share in his triumphs, finding inspiration to become the heroes of their own stories.

Finding Your Focus Judith Greenbaum 2005-09-27 "Filled with tools, strategies, and checklists and written with a fine understanding of the problems adults with ADD face daily. This book is a gift to all who read it." —Edward Hollowell, M.D., bestselling author of *Driven to Distraction* Written by two expert ADD coaches with more than 30 years experience, this practical handbook offers adults with ADD practical techniques for coping with common everyday challenges. These simple proven strategies can help you focus attention, organize your thoughts, and manage time—so you can avoid missing appointments and deadlines, handle social situations, and improve memory skills. A safe alternative to prescription medications, it's a complete home program that anyone can do.

Social Chemistry Marissa King 2022-01-04 "One of the most interesting and useful books ever written on networking."—Adam Grant *Social Chemistry* will utterly transform the way you think about "networking." Understanding the contours of your social network can dramatically enhance personal relationships, work life, and even your global impact. Are you an Expansionist, a Broker, or a Convener? The answer matters more than you think. . . . Yale professor Marissa King shows how anyone can build more meaningful and productive relationships based on insights from neuroscience, psychology, and network analytics. Conventional wisdom says it's the size of your network that matters, but social science research has proven there is more to it. King explains that the quality and structure of our relationships has the greatest impact on our personal and professional lives. As she illustrates, there are three basic types of networks, so readers can see the role they are already playing: Expansionist, Broker, or Convener. This network decoder enables readers to own their network style and modify it for better alignment with their life plans and values. High-quality connections in your social network strongly predict cognitive functioning, emotional resilience, and satisfaction at work. A well-structured network is likely to boost the quality of your ideas, as well as your pay. Beyond the office, social connections are the lifeblood of our health and happiness. The compiled results from dozens of previous studies found that our social relationships have an effect on our likelihood of dying prematurely—equivalent to obesity or smoking. Rich stories of Expansionists like Vernon Jordan, Brokers like Yo-Yo Ma, and Conveners like Anna Wintour, as well as personal experiences from King's own world of connections, inform this warm, engaging, revelatory investigation into some of the most consequential decisions we can make about the trajectory of our lives.

Zoe's Hiding Place David Powlison 2018-10-08 This beautifully illustrated book invites children to remember the Lord is near when they are anxious. Zoe, a fearful mouse, is worried about a class trip. As she talks with her parents, Zoe realizes she can turn to God for help. Papa Mouse gives her a verse from the "Great Book" that she can read when she is afraid. She learns that she can tell God all about her fears, and he will comfort her. Also included is a tear-out page of "Back Pocket Bible Verses" that will give children a practical way to remember God's words when they are afraid. A new series of hardback, illustrated children's books for three- to eight-year-olds—each centered on an animal family—bring gospel help and biblical counsel to families. The animal characters, colorful illustrations, and the real-life issues each animal family face will captivate children. The first three books address anxiety, anger, and failure bringing biblical help and hope to issues every child faces. The last page of each book contains information for parents on how God, in his Word, helps children apply biblical truth to specific issues. Together children and parents will be guided by the stories into meaningful conversations about living by faith in the details of everyday life.

The Girl Without a Name Sandra Block 2015-09-08 In what passes for an ordinary day in a psych ward, Dr. Zoe Goldman is stumped when a highly unusual case arrives. A young African American girl, found wandering the streets of Buffalo in a catatonic state, is brought in by police. No one has come forward to claim her, and all leads have been exhausted, so Zoe's treatment is the last hope to discover the girl's identity. When drugs prove ineffective and medical science seems to be failing, Zoe takes matters into her own hands to track down Jane Doe's family and piece together their checkered history. As she unearths their secrets, she finds that monsters hide where they are least expected. And now she must solve the mystery before it is too late. Because someone wants to make sure this young girl never remembers. *The Girl Without a Name* is a powerful novel of memory and forgetting, of unexpected friendship and understanding...and of the secrets we protect no matter the consequences.

A Love Hate Thing Whitney D. Grandison 2020-01-07 "If you love a good enemies-to-lovers trope, run—don't walk—to the nearest bookstore or library near you." —BuzzFeed "I couldn't put it down!" —New York Times bestselling author Simone Elkeles When Tyson Trice finds himself tossed into the wealthy community of Pacific Hills, he expects not to belong. Not that he cares. After recovering from being shot and surviving the rough streets of Lindenwood, he doesn't care about anyone or anything. Golden girl Nandy Smith has spent most of her life building the pristine image it takes to make it in Pacific Hills. After learning that her parents are taking in a troubled teen boy, Nandy fears her summer plans and her reputation will go up in flames. The wall between their bedrooms feels as thin as the line between love and hate. But their growing attraction won't be denied. Soon Trice is bringing Nandy out of her shell and Nandy's trying to melt the ice around Trice's heart. But with the ever-present pull back to Lindenwood, it'll be a wonder if Trice makes it through this summer at all. Also by Whitney D. Grandison: *The Right Side of Reckless*

Thinking, Fast and Slow Daniel Kahneman 2011-10-25 Major New York Times bestseller Winner of the National Academy of Sciences Best Book Award in 2012 Selected by the New York Times Book Review as one of the ten best books of 2011 A Globe and Mail Best Books of the Year 2011 Title One of The Economist's 2011 Books of the Year One of The Wall Street Journal's Best Nonfiction Books of the Year 2011 2013 Presidential Medal of Freedom Recipient Kahneman's work with Amos Tversky is the subject of Michael Lewis's *The Undoing Project: A Friendship That Changed Our Minds* In the international bestseller, *Thinking, Fast and Slow*, Daniel Kahneman, the renowned psychologist and winner of the Nobel Prize in Economics, takes us on a groundbreaking tour of the mind and explains the two systems that drive the way we think. System 1 is fast, intuitive, and emotional; System 2 is slower, more deliberative, and more logical. The impact of overconfidence on corporate strategies, the difficulties of predicting what will make us happy in the future, the profound effect of cognitive biases on everything from playing the stock market to planning our next vacation—each of these can be understood only by knowing how the two systems shape our judgments and decisions. Engaging the reader in a lively conversation about how we think, Kahneman reveals where we can and cannot trust our intuitions and how we can tap into the benefits of slow thinking. He offers practical and enlightening insights into how choices are made in both our business and our personal lives—and how we can use different techniques to guard against the mental glitches that often get us into trouble. Winner of the National Academy of Sciences Best Book Award and the Los Angeles Times Book Prize and selected by The New York Times Book Review as one of the ten best books of 2011, *Thinking, Fast and Slow* is destined to be a classic.
