No Wonder My Parents Drank Jay Mohr 2010-05-11 **YOU'LL NEVER SLEEP IN THIS TOWN AGAIN** From Saturday Night Live to stand-up, from a blockbuster film career to the star of CBS's hit television show *Gary Unmarried*, Jay Mohr is one of the funniest people in comedy today. Now, in this down and dirty tale of modern fatherhood, Mohr shares his stories as a first-time parent. *No Wonder My Parents Drank* reveals the details behind Mohr's humiliating test-tube conception attempts and then recounts the trauma of not only having to keep this child alive, but having to spend time alone with him! He waxes poetic about dirty diapers; spins theories on spanking; and mulls over the more hidden advantages of parenthood, like carpool lane access, carte blanche to use the ladies restroom, and an alibi for missing family dinners. Mohr describes, in painfully funny detail, the bizarre situations that all parents inevitably face but can never prepare for (such as when his kid discovered his dog's rear end) as well as moments of pure joy like taking his son to his first baseball game. Mohr reports on the hilarious wisdom that his son, Jackson, has taught him—like why it's fun to play "Kissy Boy" with the other boys at recess, how important sunscreen is for avoiding a "sunburn," and how awesome it is to get a "rainbow belt" in karate. Riotously acerbic and refreshingly honest, *No Wonder My Parents Drank* casts the very funny Jay Mohr with an even funnier mini-me sidekick as a supporting character in a little comedic love story that every person who either is a parent or has a parent will find delightful.

Your Father Sends His Love: Stories Stuart Evers 2016-01-18 Your Father Sends His Love heralds the powerful American debut of a bold new literary talent. Stuart Evers writes with uncanny psychological acuity. The inventive, elegant stories in Your Father Sends His Love illuminate the precarious and electrifying connections between parents and children. Evers's unforgettable characters long to repair relationships that have faltered or that never quite began. A single father goes to jail for avenging a hate crime perpetrated against his gay son; a mother returns home to her husband and children after an affair; an aging grandfather mediates between his quarreling son and granddaughter; a man waits at the pub, frantically listing things he might say to a suffering friend. With wit, subtlety, and uncommon sensitivity, Evers captures those pivotal moments between parents and children when emotions are urgently felt yet impossible to express. In this, he explores new realms of passion and estrangement. With his precise, energetic prose, Evers crafts a group of stories that explore familial love in all of its forms.

There he was, flying through the air, three flips, he made, said an eyewitness. He felt his body dashed against the concrete of the avenue, but he cared for his vehicle so he stood up, walked ... Later he exclaimed he was allergic to death, read how and why. FROM CHAPTER FIVE: When they knew I was the teacher who gave their son that first "A" in the only subject where he was able to get it, they asked me in disbelief how that happened. "He's a good student, you can see it now, ..." Some parents are unaware of what they say to their children, their sayings are law for them, so now you might be conscious about it. FROM CHAPTER SEVEN: I'd rather be married to an Event Planner than to a lawyer, I prefer to prepare a joyful occasion instead of a great trial. Choose what you

want to be what you want to do with lightened and clean heart, that way you'll enjoy your life.

The Burden Within Christopher G Thompson 2022-03-31 Born into a wealthy family in England in 1942, Christopher could've expected a privileged life. It was not to be. At six years of age, he entered boarding school. The burden of undiagnosed dyslexia led to an aversion to schoolwork, and violent sexual abuse

from a fellow boarder became the impetus for leaving school. He embarked on a life of hard manual labour, before returning to his parents' farm, but continual frustrations between him and his father culminated in a stint of involuntary commitment. On release in 1964, he left for Australia as a '10 Pound Pom'. For the next ten years, he roamed Australia – working in its cities, rural towns, and outback. But a rolling stone gathers no moss. Christopher, the adventurer, insidiously became a hard-working, hard-drinking and hard-playing drifter on a downward spiral. In 1973, on a remote aboriginal settlement in the Northern Territory, new things impacted him and became the impetus for him to think he may have a future – if he survived. True stories provide insight into the tortuous journey of a lonely, insecure child and young man in England; a unique view through the eyes of an immigrant drifter in Australia; and the rollercoaster ride of reintegrating himself into mainstream society.

Little Edens: Stories Barbara Klein Moss 2005-01-17 "Each of Moss's surprising, beautifully constructed, and soulful stories brilliantly illuminates the paradox of paradise." —Booklist These eight magical stories address the Edenic spaces that people create in their lives and the serpents that subtly inhabit them. In "Rug Weaver" (selected for Best American Short Stories 2001) an Iranian rug dealer makes a paradise of his prison cell by weaving an elaborate rug in his mind. Grieving parents in the title story transfigure a luxury subdivision in southern California into a vision of heaven. And in the novella "The Palm Tree of Dilys Cathcart" an unlikely love story unfolds between an Orthodox Jewish butcher and a lonely English piano teacher, who discovers a hunger for intimacy and ritual as she helps the butcher transcribe the mysterious songs he hears in his head. These and other stories constitute an elegant and richly evocative collection about the complexities of worldly and spiritual desires. Reading group guide included.

The Call of Stories Robert Coles 2014-12-09 From the Pulitzer Prize-winning author of Children of Crisis, a profound examination of how listening to stories

promotes learning and self-discovery. As a professor emeritus at Harvard University, a renowned child psychiatrist, and the author of more than forty books, including *The Moral Intelligence of Children*, Robert Coles knows better than anyone the transformative power of learning and literature on young minds. In this “persuasive” book (*The New York Times Book Review*), Coles convenes a virtual symposium of college, law, and medical school students to explore the phenomenon of storytelling as a source of values and character. Here are transcriptions of classroom conversations in which Coles and his students discuss the impact of particular works of literature on their moral development. Here also are Coles’s intimate personal reflections on his experiences in the civil rights movement, his child psychiatry practice, and his interactions with his own literary mentors including William Carlos Williams and L.E. Sissman. The life lessons learned from these stories are of special resonance to doctors and teachers looking to apply them in classroom and clinical environments. The rare public intellectual to be honored with a MacArthur Award, a Presidential Medal of Freedom, and a National Humanities Medal, Robert Coles is a true national treasure, and *The Call of Stories* is, in the words of National Book Award winner Walker Percy, “Coles at his wisest and best.”

Twinsight Dara Lovitz 2018-03-01 It’s a fact: twins experience life differently than singleton children. They’re compared to each other in everything from athletics to academics. They encounter unique social issues (what happens when one child is invited to a social outing while her twin is not?). They can even have difficulty forming deep relationships outside of the twinship. Yet no book effectively helps parents navigate these unique emotional challenges—until now. In the first book written on the emotional needs of twins, *Twinsight: How to Raise Emotionally Healthy Twins* bypasses the usual discussions on how to pay for two tuitions (a conundrum, to be sure!) and instead tackles deeper questions: How do you help twins feel like individuals? Should they be expected to be each other’s caretaker? How can a parent avoid comparing? How can you encourage relationships outside the twinship? and more! Drawing on over eighty interviews with adult twins and their non-twin siblings, as well as expert insights from educators and psychologists and exhaustive research, author Dara Lovitz offers parents a definitive roadmap to raising emotionally healthy twins now and into the future.
