The Toughest Beat Joshua Page 2013-02-01 In America today, one in every hundred adults is behind bars. As our prison population has exploded, 'law and order' interest groups have also grown -- in numbers and political clout. In The Toughest Beat, Joshua Page argues in crisp, vivid prose that the Golden State's prison boom fueled the rise of one of the most politically potent and feared interest groups in the nation: the California Correctional Peace Officers Association (CCPOA). As it made great strides for its members, the prison officers' union also fundamentally altered the composition and orientation of the penal field. The Toughest Beat is essential reading for anyone concerned with contemporary crime and punishment, interest group politics, and public sector labor unions.

Global Trends 2030 National Intelligence Council 2012-12-01 FULL COLOR PUBLICATION. Global megatrends for the next 20 years and how they will affect the United States. This is the fifth installment in the National Intelligence Council's series aimed at providing a framework for thinking about possible futures and their implications. The report is intended to stimulate strategic thinking about the rapid and vast geopolitical changes characterizing the world today and possible global trajectories during the next 15-20 years

by identifying critical trends and potential discontinuities. The authors distinguish between megatrends, those factors that will likely occur under any scenario, and game-changers, critical variables whose trajectories are far less certain. Appropriate for anyone, from business to banks, government to start-ups, technology to teachers and more, this publication helps anticipate where the world will be socially, politically, technically and culturally over the next few decades.
