Hollywood Jill Tietjen 2019-04-26 The year was 1896, the woman was Alice Guy-Blaché, and the film was The Cabbage Fairy. It was less than a minute long. Guy-Blaché, the first female director, made hundreds of movies during her career. Thousands of women with passion and commitment to storytelling followed in her footsteps. Working in all aspects of the movie industry, they collaborated with others to create memorable images on the screen. This book pays tribute to the spirit, ambition, grit and talent of these filmmakers and artists. With more than 1200 women featured in the book, you will find names that everyone knows and loves—the movie legends. But you will also discover hundreds and hundreds of women whose names are unknown to you: actresses, directors, stuntwomen, screenwriters, composers, animators, editors, producers, cinematographers and on and on. Stunning photographs capture and document the women who worked their magic in the movie business. Perfect for anyone who enjoys the movies, this photo-treasury of women and film is not to be missed.

A history of art in ancient Egypt Vol.2 (of 2) (Illustrations) Georges Perrot 1883 The successful interpretation of the ancient writings of Egypt, Chaldæa, and Persia, which has

distinguished our times, makes it necessary that the history of antiquity should be rewritten. Documents that for thousands of years lay hidden beneath the soil, and inscriptions which, like those of Egypt and Persia, long offered themselves to the gaze of man merely to excite his impotent curiosity, have now been deciphered and made to render up their secrets for the guidance of the historian. By the help of those strings of hieroglyphs and of cuneiform characters, illustrated by paintings and sculptured reliefs, we are enabled to separate the truth from the falsehood, the chaff from the wheat, in the narratives of the Greek writers who busied themselves with those nations of Africa and Asia which preceded their own in the ways of civilization. Day by day, as new monuments have been discovered and more certain methods of reading their inscriptions elaborated, we have added to the knowledge left us by Herodotus and Diodorus Siculus, to our acquaintance with those empires on the Euphrates and the Nile which were already in old age when the Greeks were yet struggling to emerge from their primitive barbarism. Even in the cases of Greece and Rome, whose histories are supplied in their main lines by their classic writers, the study of hitherto neglected writings discloses many new and curious details. The energetic search for ancient inscriptions, and the scrupulous and ingenious interpretation of their meaning, which we have witnessed and are witnessing, have revealed to us many interesting facts of which no trace is to be found in Thucydides or Xenophon, in Livy or Tacitus; enabling us to enrich with more than one feature the picture of private and public life which they have handed down to us. In the effort to embrace the life of ancient times as a whole, many attempts have been made to fix the exact place in it occupied by art, but those attempts have never been absolutely successful, because the comprehension of works of art, of plastic creations in the widest significance of that word, demands an amount of special knowledge which the great majority of historians are without; art has a method and language of its own, which obliges those who wish to learn it thoroughly to cultivate their taste by frequenting the principal museums of Europe, by visiting distant regions at the cost of considerable trouble and expense, by perpetual reference to the great collections of engravings, photographs, and other reproductions which considerations of space and cost prevent the savant from possessing at home. More than one learned author has never visited Italy or Greece, or has found no time to examine their museums, each of which contains but a small portion of the accumulated remains of antique art. Some connoisseurs do not even live in a capital, but dwell far from those public libraries, which often contain valuable collections, and sometimes—when they are not packed away in cellars or at the binder's—allow them to be studied by the curious.[2] The study of art, difficult enough in itself, is thus rendered still more arduous by the obstacles which are thrown in its way. The difficulty of obtaining materials for self-improvement in this direction affords the true explanation of the absence, in modern histories of antiquity, of those laborious researches which have led to such great results since Winckelmann founded the science of archæology as we know it. 100+ Horror Collection. Scary Stories to Read in Bed Tonight. Illustrated Edgar Allan Poe 2022-01-25 The oldest and strongest emotion of mankind is fear, and the oldest and strongest kind of fear is fear of the unknown. These facts few psychologists will dispute, and their admitted truth must establish for all time the genuineness and dignity of the weirdly horrible tale as a literary form... As may naturally be expected of a form so closely connected with primal emotion, the horror-tale is as old as human thought and speech themselves. H. P. Lovecraft Horror intends to create an eerie and frightening atmosphere for the reader. Prevalent elements include ghosts, demons, vampires, werewolves, ghouls, the Devil, witches, monsters, dystopian and apocalyptic worlds, serial killers, cannibalism, psychopaths, cults, dark magic, Satanism, the macabre, gore, and torture. Illustration in Fin-de-Siècle Transatlantic Romance Fiction Kate Holterhoff 2022-03-07 This book examines illustrations created to accompany fictions written by several of the most popular authors published in Britain and America between 1885 and 1920. By studying the lavish illustrations that complemented not only initial serializations, but also subsequent publications of fictions by H. Rider Haggard, Rudyard Kipling, James De Mille, Robert Louis Stevenson, and H. G. Wells, the book demonstrates the significance of images to the fin de siècle romance form. In order to make fantastic plots seem possible, graphic artists worked hand in hand with authors to not only fill gaps in audience understanding, but also expand and deepen the meaning of these marvels. The book will be of interest to scholars working in art history, visual culture, illustration studies, British and American history, and British and American literature.

Looking Past the Screen Jon Lewis 2007-10-01 Film scholarship has long been dominated by textual interpretations of specific films. Looking Past the Screen advances a more expansive American film studies in which cinema is understood to be a social, political, and cultural phenomenon extending far beyond the screen. Presenting a model of film studies in which films themselves are only one source of information among many, this volume brings together film histories that draw on primary sources including collections of personal papers, popular and trade journalism, fan magazines, studio publications, and industry records. Focusing on Hollywood cinema from the teens to the 1970s, these case studies show the value of this extraordinary range of historical materials in developing interdisciplinary approaches to film stardom, regulation, reception, and production. The contributors examine State Department negotiations over the content of American films shown abroad; analyze the star image of Clara Smith Hamon, who was notorious for having murdered her lover; and consider film journalists' understanding of the arrival of auteurist cinema in Hollywood as it was happening during the early 1970s. One contributor chronicles the development of film studies as a scholarly discipline; another offers a sociopolitical interpretation of the origins of film noir. Still another brings to light Depression-era film reviews and Production Code memos so sophisticated in their readings of representations of sexuality that they undermine the perception that queer interpretations of film are a recent development. Looking Past the Screen suggests methods of historical research, and it encourages further thought about the modes of inquiry that structure the discipline of film studies. Contributors. Mark Lynn Anderson, Janet Bergstrom, Richard deCordova, Kathryn Fuller-Seeley, Sumiko Higashi, Jon Lewis, David M. Lugowski, Dana Polan, Eric Schaefer, Andrea Slane, Eric Smoodin, Shelley Stamp

Silver Screen, Hasidic Jews Shaina Hammerman 2018-01-06 Motivated by Woody Allen's brief comedic transformation into a Hasidic Jew in Annie Hall, cultural historian Shaina Hammerman examines the effects of real and imagined representations of Hasidic Jews in film, television, theater, and photography. Although these depictions could easily be dismissed as slapstick comedies and sexy dramas about forbidden relationships, Hammerman uses this ethnic imagery to ask meaningful questions about how Jewish identity, multiculturalism, belonging, and relevance are constructed on the stage and silver screen.

The Good Inn Frank Black 2014-03 'The Good Inn' tells the story of an 18-year-old known only as Soldier Boy who, after escaping a devastating explosion at the French port of Toulon, sets out on a bizarre journey across France. Navigating his way past homicidal gypsies, combative soldiers and porn-peddling peasants, he takes refuge at The Good Inn - and promptly finds himself centre stage in the making of the world's first narrative pornographic movie.

Strongheart: Wonder Dog of the Silver Screen Candace Fleming 2018-02-06 For fans of Balto and other real-life dog stories, here's a heavily illustrated middle-grade novel about a canine movie star of the 1920s, dramatically told in both words and pictures by an acclaimed author and a Caldecott Medal-winning illustrator. When movie director Larry Trimble travels to Berlin searching for his next big star--a dog!--he finds Etzel, a fierce, highly trained three-year-old German shepherd police dog. Larry sees past the snarls and growls and brings Etzel back to Hollywood, where he is renamed Strongheart. Along with screenwriter Jane Murfin, Larry grooms his protégé to be a star of the silver screen--and he succeeds, starting with Strongheart's first film, The Love Master, which is released in 1921. Strongheart is soon joined by a leading lady, a German shepherd named Lady Julie, and becomes a sensation. Touching, charming, playful, and based on real events, this moving tale by Candace Fleming and illustrated by Eric Rohmann tells all about "the wonder dog" who took America by storm. How I Slept My Way to the Middle Kevin Pollak 2013-11-05 How I Slept My Way to the Middle winningly combines never-before-heard stories featuring A-list entertainers with fan favorites and Kevin's own thoughts about how he made it. He turned down his first invitation to do stand-up on The Tonight Show because he knew that he'd make a bigger

impact if he sat on the couch next to Johnny. That huge risk—which paid off in spades—was just the beginning. Find out how he brought John Belushi to his knees, tortured Paul Reiser (twice), bamboozled Larry King, stole Alan Arkin's soul, almost killed Warren Beatty, and sucked face with Robert DeNiro's girlfriend. Now a new media entrepreneur, he's laughing proof that if you follow your gut and believe in yourself, you can do anything you want—except have a rational conversation with Rip Torn, who's an evil, paranoid \$#!%.
The Double Screen Wu Hung 1996-11-22 This book contemplates a large problem: what is a traditional Chinese painting? Wu Hung answers this question through a comprehensive analysis of the screen, a major format and a popular pictorial motif in traditional China. With a broad array of examples ranging from the early centuries C.E. to the 1800s, he explores the screen's position in art – as an important site for artistic imagination, as an illusionary representation on a flat surface, and as an architectural device defining cultural conventions. A screen occupies a space and divides it, supplies an ideal surface for painting, and has been a favourite pictorial image in Chinese art since antiquity. With its diverse roles, the screen has provided Chinese painters with endless opportunities to reinvent their art. The author argues that any understanding of Chinese painting must include discussion of its material forms as well as its intimate connection with cultural context and convention. Thus, The Double Screen offers a powerful non-western perspective on diverse artistic and cultural genres, from portraiture and pictorial narrative to voyeurism and masquerade, and will be invaluable to anyone interested in the history of art and Asian studies as well as to students and specialists in the field.
