I ran straight into human territory, onto her property. Found her bathing naked in the moonlight and showed her my wolf. Now all bets are off. My alpha may want her gone, but I need her to stay. In fact, I'll do anything to make sure she never, ever leaves. Love, Theodosia Lori Anne Goldstein 2021-11-02 A Romeo & Juliet tale for Hamilton! fans. In post-American Revolution New York City, Theodosia Burr, a scholar with the skills of a socialite, is all about charming the right people on behalf of her father—Senator Aaron Burr, who is determined to win the office of president in the pivotal election of 1800. Meanwhile, Philip Hamilton, the rakish son of Alexander Hamilton, is all about being charming on behalf of his libido. When the two first meet, it seems the ongoing feud between their politically opposed fathers may be hereditary. But soon, Theodosia and Philip must choose between love and family, desire and loyalty, and preserving the legacy their flawed fathers fought for or creating their own. Love, Theodosia is a smart, funny, swoony take on a fiercely intelligent woman with feminist ideas ahead of her time who has long-deserved center stage. A refreshing spin on the Hamiltonian era and the characters we have grown to know and love. It's also a heartbreaking romance of two star-crossed lovers, an achingly bittersweet "what if." Despite their fathers' bitter rivalry, Theodosia and Philip are drawn to each other and, in what unrolls like a Jane Austen novel of manners, we find ourselves entangled in the world of Hamilton and Burr once again as these heirs of famous enemies are driven together despite every reason not to be.

Or at least one who can't resist her. I'll prove she doesn't know everything about four-legged beasts. Especially not the fiercest ones who stalk their prey in the night. Especially not one determined to prey on her. Me.

Beach Blanket Zombie Mark McLaughlin 2012-05-14 Zombies are relentless, ravenous creatures, and their insatiable appetite for living flesh has given author Mark McLaughlin plenty of food for thought. In BEACH BLANKET ZOMBIE, you will sit down to a feast of zombie stories -- seventeen in all. Zombies can rise from the dead for countless reasons. Any horror-movie enthusiastic can tell you that. Sure, a zombie's bite can turn its victim into one of the living dead. But that's not all. In films, corpses have been turned into zombies through voodoo, nuclear power, viruses, parasites, Egyptian curses (if you count mummies as zombies), toxic chemicals, the Black Mass, and more. In his stories, McLaughlin explores many different ways to bring the dead back to life. As you read these stories, you will learn about zombies created by Internet witches, and discover the bizarre secrets of the isle of Zovemba, also known as Zombie Island. And that's not all. To satisfy your hunger for horror, McLaughlin has added sixteen stories about other types of humanoid monstrosities. Fiends and freaks come in many forms, and some of the very worst attempt to pass for people. In this collection, you will such ghastly, pulse-pounding tales of the macabre as "Beach Blanket Zombie," "Vulture Soup for the Soulless," "The Agony of Claude Bawls," "Tears of the Expressionist Aphrodite," "Cyber-Vengeance of the Internet Witches," "ZOM BEE MOO VEE," "Tell Your Secrets to the Slime," "The Bloody Woman and the Chameleon Man, Also Known as Mom and Dad," "Hello! My Name is Halja," "Notes Concerning the Death and/or Decomposition of Reality," "The Tale Of The Cat-Headed Man, The Man-Headed Dog, and the Lady With Rats For Hands," and many more.

The Strange Case of the Dutch Painter Timothy Miller 2022-02-01 Paris, 1890. When Sherlock Holmes finds himself chasing an art dealer through the streets of Paris, he's certain he's smoked out one of the principals of a cunning forgery ring responsible for the theft of some of the Louvre's greatest masterpieces. But for once, Holmes is dead wrong. He doesn't know that the dealer, Theo Van Gogh, is rushing to the side of his brother, who lies dying of a gunshot wound in Auvers. He doesn't know that the dealer's brother is a penniless misfit artist named Vincent, known to few and mourned by even fewer. Officialdom pronounces the death a suicide, but a few minutes at the scene convinces Holmes it was murder. And he's bulldog-determined to discover why a penniless painter who harmed no one had to be

killed—and who killed him. Who could profit from Vincent’s death? How is the murder entwined with his own forgery investigation? Holmes must retrace the last months of Vincent’s life, testing his mettle against men like the brutal Paul Gauguin and the secretive Toulouse-Lautrec, all the while searching for the girl Olympia, whom Vincent named with his dying breath. She can provide the truth, but can anyone provide the proof? From the madhouse of St. Remy to the rooftops of Paris, Holmes hunts a killer—while the killer hunts him.

Human Enhancement Technologies and Our Merger with Machines Woodrow Barfield 2021-06-15 A cross-disciplinary approach is offered to consider the challenge of emerging technologies designed to enhance human bodies and minds. Perspectives from philosophy, ethics, law, and policy are applied to a wide variety of enhancements, including integration of technology within human bodies, as well as genetic, biological, and pharmacological modifications. Humans may be permanently or temporarily enhanced with artificial parts by manipulating (or reprogramming) human DNA and through other enhancement techniques (and combinations thereof). We are on the cusp of significantly modifying (and perhaps improving) the human ecosystem. This evolution necessitates a continuing effort to re-evaluate current laws and, if appropriate, to modify such laws or develop new laws that address enhancement technology. A legal, ethical, and policy response to current and future human enhancements should strive to protect the rights of all involved and to recognize the responsibilities of humans to other conscious and living beings, regardless of what they look like or what abilities they have (or lack). A potential ethical approach is outlined in which rights and responsibilities should be respected even if enhanced humans are perceived by non-enhanced (or less-enhanced) humans as “no longer human” at all.

The Forge of God Greg Bear 2014-04-01 This doomsday masterpiece from the author of Eon and Hull Zero Three was a finalist for the Hugo and Nebula awards. On July 26, Arthur Gordon learns that Europa, the sixth moon of Jupiter, has disappeared. Not hiding, not turned black, but gone. On September 28th, Edward Shaw finds an error in the geological records of Death Valley. A cinder cone was left off the map. Could it be new? Or, stranger yet, could it be artificial? The answer may be lying beside it—a dying Guest who brings devastating news for Edward and for Planet Earth. As more unexplained phenomena spring up around the globe—a granite mountain appearing in Australia, sounds emanating from the earth’s core, flashes of light among the asteroids—it becomes clear to some that the end is approaching, and there is nothing we can do. In The Forge of God, award-winning author Greg Bear describes the final days of the world on both a massive, scientific scale and in the everyday, emotional context of individual human lives. Facing the destruction of all they know, some people turn to God, others to their families, and a few turn to saviors promising escape from a planet being torn apart. Will they make it in time? And who gets left behind to experience the last moments of beauty and chaos on earth? Nominated for the Nebula, Hugo, and Locus Awards, The Forge of God is an engrossing read, breathtaking in its scope and in its detail.

A Boy No More Harry Mazer 2004-08-24 In this follow-up to his acclaimed "A Boy at War," Mazer explores what loyalty, friendship, and patriotism mean in a time of war in this story set against the backdrop of World War II.

A Boy at War Harry Mazer 2012-06-26 They rowed hard, away from the battleships and the bombs. Water sprayed over them. The rowboat pitched one way and then the other. Then, before his eyes, the Arizona lifted up out of the water. That enormous battleship bounced up in the air like a rubber ball and split apart. Fire burst out of the ship. A geyser of water shot into the air and came crashing down. Adam was almost thrown out of the rowboat. He clung to the seat as it swung around. He saw blue skies and the glittering city. The boat swung back again, and he saw black clouds, and the Arizona, his father's ship, sinking beneath the water. -- from A Boy at War "He kept looking up, afraid the planes would come back. The sky was obscured by black smoke....It was all unreal: the battleships half sunk, the bullet holes in the boat, Davi and Martin in the water." December 7, 1941: On a quiet Sunday morning, while Adam and his friends are fishing near Honolulu, a surprise attack by Japanese bombers destroys the fleet at

Pearl Harbor. Even as Adam struggles to survive the sudden chaos all around him, and as his friends endure the brunt of the attack, a greater concern hangs over his head: Adam's father, a navy lieutenant, was stationed on the USS Arizona when the bombs fell. During the subsequent days Adam -- not yet a man, but no longer a boy -- is caught up in the war as he desperately tries to make sense of what happened to his friends and to find news of his father. Harry Mazer, whose autobiographical novel, *The Last Mission*, brought the European side of World War II to vivid life, now turns to the Pacific theater and how the impact of war can alter young lives forever.

*Anvil of Stars* Greg Bear 2014-04-29 The "provocative and entertaining follow-up" to *The Forge of God*: Exiled from their planet, humans unite with one alien race in the fight against another (Publishers Weekly). The *Ship of the Law* travels the infinite enormity of space, carrying eighty-two young people: fighters, strategists, scientists—and children. After one alien culture destroyed their home, another offered the opportunity for revenge in the form of a starship built from fragments of the Earth's corpse, a ship they now use to scour the universe in search of their enemy. Working with sophisticated nonhuman technologies that need new thinking to comprehend them, they're cut off forever from the people they left behind. Denied information, they live within a complex system that is both obedient and beyond their control. They're frightened. And they're waging war against entities whose technologies are unimaginably

advanced and vast, and whose psychology is ultimately, unknowably alien. In *Anvil of Stars*, the multimillion-selling, Nebula Award-winning author of *Eon* and other science fiction masterpieces “fashions an action-packed and often thrilling plot; by using each of the well-depicted alien races to mirror human behavior, he defines what it means to be *Homo sapiens*. . . . A gripping story” (Publishers Weekly).

One boatload of refugees manages to make it out alive--but one passenger carries the virus. Within weeks, the zombie epidemic spreads across the globe. Now, retired U.S. Marshal Ed Moore must lead a group of strangers to safety, searching for sanctuary from the dead. A last chance for the living. *Let The Battle Begin*. In the North Dakota Grasslands, bands of survivors converge upon a single outpost. Run by a self-appointed preacher of fierce conviction--and frightening beliefs--it may be humanity's only hope. "One of those rare books that starts fast and never ever lets up. . . a rollercoaster ride of action, violence and zombie horror." --Bram Stoker Award-winning author Jonathan Maberry on *Dead City* "Gritty suspense. . . Suffer the Children Craig DiLouie 2014-05-20 On a grand canvas reminiscent of Guillermo del Toro and Justin Cronin, acclaimed author Craig DiLouie presents "a terrifying novel filled with impossible decisions [and] a stark, brutal, and chilling vision of the end of days" (David Moody, author of *Hater*). SO MANY

**MOUTHS TO FEED** It begins on an ordinary day: children around the world are dying. All children, everywhere—a global crisis beyond any parent's worst nightmare. Then, a miracle beyond imagining: three days later, they return. Shattered mothers and fathers see their sons and daughters happy and whole once more, playing and laughing as before—but only when they feed. They hunger for blood...and they can't get enough upon which to feast. Without it, they die again. How far would you go to keep someone you love alive?

**A Man's Gotta Eat What a Man's Gotta Eat (EBK)** Dana Fredsti 2013-10-29 Chuck T-Bone is a private detective—A P.I. A gumshoe. A dick. He also happens to be a zombie, in a world where the zombies have taken over, and “fresh meat” is a rare commodity. Where you go into a diner to order an elbow joint with a side of toes. But nothing's really changed—the rich get richer, the poor get poorer, at least until they fall apart altogether. When a curvaceous member of a famous crime family walks into his office, he's forced to reopen a case he'd just as soon forget. It's the one that introduced him to the dame who stole his heart—and got him killed. Trouble is, if it happens again, this time it's for good. It's gory goodness for fans of *The Big Sleep* and *Shaun of the Dead*, with a dash of *Zombieland* thrown in for good measure.

**The Things We Cannot Say** Kelly Rimmer 2019-03-19 Now a New York Times bestseller! From the author of *Truths I Never Told You*, *Before I Let You Go*, and *The Warsaw Orphan*, Kelly Rimmer's powerful WWII novel follows a woman's urgent search for answers to a family mystery that uncovers truths about herself that she never expected. “Kelly Rimmer has outdone herself. I thought that *Before I Let You Go* was one of the best novels I had ever read...If you only have time to read one book this year *The Things We Cannot Say* should be that book. Keep tissues handy.”—Fresh Fiction “Fans of *The Nightingale* and *Lilac Girls* will adore *The Things We Cannot Say*.” —Pam Jenoff, New York Times bestselling author

In 1942, Europe remains in the relentless grip of war. Just beyond the tents of the Russian refugee camp she calls home, a young woman speaks her wedding vows. It's a decision that will alter her destiny...and it's a lie that will remain buried until the next century. Since she was nine years old, Alina Dziak knew she would marry her best friend, Tomasz. Now fifteen and engaged, Alina is unconcerned by reports of Nazi soldiers at the Polish border, believing her neighbors that they pose no real threat, and dreams instead of the day Tomasz returns from college in Warsaw so they can be married. But little by little, injustice by brutal injustice, the Nazi occupation takes hold, and Alina's tiny rural village, its families, are divided by fear and hate. Then, as the fabric of their lives is slowly picked apart, Tomasz disappears. Where Alina used to measure time between visits from her beloved, now she measures the spaces between hope and despair, waiting for word from Tomasz and avoiding the attentions of the soldiers who patrol her parents' farm. But for now, even deafening silence is preferable to grief. Slipping between Nazi-occupied Poland and the frenetic pace of modern life, Kelly Rimmer creates an emotional and finely wrought narrative. *The Things We Cannot Say* is an unshakable reminder of the devastation when truth is silenced...and how it can take a lifetime to find our voice before we learn to trust it. Don't miss Kelly Rimmer's latest gripping novel, *The German Wife*. For more by Kelly Rimmer, look for *Before I Let You Go*, *Truths I Never Told You*, *The Warsaw Orphan*.

**Search and Destroy** Dean Hughes 2015-07-21 **RICK WARD WANTS TO GO TO WAR.** And he's not sure why. Maybe he's running from his dad and his crazy temper. has got a clue. War is far bigger, scarier, and more complicated than anything he ever could have imagined.
